Fort Sumter

The fort was built after the War of 1812 when the British invaded Washington by sea. The brick fort is five-sided with walls five-feet-thick residing on an artificial island protecting Charleston from foreign navel invasions. It was still incomplete in 1861 and became severely damaged when the Battle of Fort Sumter launched the American Civil War. There was some rebuilding but, because of military downsizing, it was never completed.

LEISURELY ACTIVITY LEVEL ○ ● ○ ○ ○ ○

On a tour rated "Active", expect a high activity level with challenging conditions, lots of walking, uneven surfaces, and possibly high altitudes. Holiday Vacations guests must be able to navigate airports with their own luggage. Airport personnel can provide wheelchair assistance upon request. Guests must also be able to handle their own carry-on bags on airplanes, on and off motorcoaches, and to and from hotel rooms. Checked luggage will be delivered to and from guests' hotel rooms on their behalf. If a guest requires mobility assistance, they must be accompanied by an able companion who is totally responsible for providing the guest's necessary assistance. Holiday Vacations does not provide personal attendant services. All activity level ratings are relative to each guest's individual levels of fitness and mobility. Holiday Vacations is unable to determine your travel health and fitness level. Please consult your doctor when evaluating your ability to travel.
