 This is my second trip with Holiday Vacations, and once again they've exceeded all expectations. I'd go anywhere with this team - Andrea W.

Fort Sumter

The fort was built after the War of 1812 when the British invaded Washington by sea. The brick fort is five-sided with walls five-feet-thick residing on an artificial island protecting Charleston from foreign naval invasions. It was still incomplete in 1861 and became severely damaged when the Battle of Fort Sumter launched the American Civil War. There was some rebuilding but, because of military downsizing, it was never completed.
